# NAZIS SURRENDER

## PEACE IN EUROPE

After five years, eight months, and six days of blood shed, destruction and human suffering, the war in Europe was brought to a successful finish. The unconditional surrender was signed by Col. Gen. Gustav Jodl as the new chief of staff for the German army.

The Armistice becomes official at 12:01 tonight, (Tuesday) but to avoid further loss of life and destruction, the cease fire was ordered yesterday around 3:00 a.m.

It was signed for the Allied supreme command by Lt. Gen. Walter Bedell Smith, chief of Staff for Gen. Eisenhower.

It was also signed by Gen. Ivan Susloparoff for Russia and by Gen. Francois Sevez for France.

Gen. Eisenhower was not present at the signing, but immediately afterward Jodl and his fellow delegate, Admiral Hans Georg Friedeburg, were received by the supreme commander. They were asked if they understood the surrender terms imposed upon Germany and if they would be carried out by Germany.

They answered yes.

Germany, which began the war with a ruthless attack upon Poland followed by successive aggressions and brutality in internment camps, surrendered with an appeal to the victors for mercy toward the German people and armed forces.

After signing the full surrender, Jodl said he wanted to speak and was given leave to do so.

"With this signature," he said quietly in German, "the German people and armed forces are for better or worse delivered into the victors' hands."

"In this war which has lasted more than five years both have achieved and suffered more than perhaps any other people in the world."

Courtesy Edmonton Bulletin

One of the graduating nurses from the General Hospital at their annual graduation exercises, was a girl known locally in Wainwright. She was Miss Georgina Glass, who lived here with her parents and attended both public and high schools in town. Miss Glass was presented an award for proficiency in bedside nursing. This award was conferred by the staff of supervision of the General Hospital.

## Extension of Wain. Vermillion Highway Discussed at Meeting

A joint meeting of the following was held at the Municipal Office at Wainwright, Alberta, Tuesday, May 1st, 1945, at 1:30 o'clock in the afternoon:

M.D. of Provost No. 52, Councillor Thompson and Mr. Mitchell. Village of Czar, Mayor Finman, Wainwright and District Board of Trade, Mr. L. W. Smith. M.D. of Wainwright No. 61, Reeve Sutherland.

Mr. Wilbraham, Secretary-Treasurer, acted as Secretary of the meeting with Mr. Sutherland presiding. The said meeting was called to meet Mr. W. Masson, M.L.A. for the Wainwright Constituency to discuss the matter of extending the Wainwright Vermillion Highway from Highway No. 14 to a point north of Czar, Alberta, on Highway No. 13. On telephone conversation Mr. Masson advised he was unable to attend and suggested that a resolution be forwarded to the Hon. W. A. Fallow, Minister of Public Works, Government of Alberta, setting forth the deliberations of the meeting.

The meeting was advised that there was 16 miles of road through the Municipal District of Wainwright No. 61 and 6 miles from the south boundary of the Municipal District of Wainwright to a point 2 miles north of the Village of Czar, and 18 miles from Czar to the south boundary of the Municipal District of Provost, which is South of the North boundary of Township 44 to the North side of Township 37 being approximately 42 miles. If built this would connect with a main road originating at Medicine Hat, North to Buffalo, Cereal, Naco, Consort and north of Township 37.

While it was not reasonably expected that this total mileage would be built in 1945 it would appear logical that a distance of 22 miles should be built this year being from Wainwright on Highway No. 14 to a point north of the Village of Czar on Highway No. 13. The balance of the mileage should be built in 1946. After debating the question it was Resolved:

That the Minister of Public Works be requested to give his earnest consideration to the building of a Highway from Wainwright on Highway No. 14 to that point on Highway No. 13 north of the Village of Czar a distance of 22 miles, hence south a distance of 16 miles to connect with the main road from Buffalo north which runs through the towns of Cereal, Naco, and Consort, and that a copy of this resolution be forwarded to Mr. Masson, M.L.A. for Wainwright Constituency. (Carried)

Business meeting concluded the meeting adjourned.

Miss Norma Johnson spent the week-end in Edmonton returning on Sunday night's train.

## Wainwright Honors War Dead on V-E Day

A very impressive ceremony took place in town on Tuesday of this week, in honor of V-E day, and the sacrifice of lives that Wainwright has been called upon to give in this conflict. With veterans of this war and former wars, along with the local Sea Cadets taking part it made quite a sight and made you stop to think just how great this Canada of ours is. It has been a long up-hill grind, with its trials and tribulations along the way.

The order to "FALL IN" was given at the Town Hall, and after forming up in parade fashion headed by the Wainwright Town Band under the capable leadership of Mr. F. McLeod, and the Veteran Guard pipe band, all marched to the Post Office Building. At this time His Worship Mayor Middlemass addressed the gathering and issued the proclamation that every one has waited so long to hear, Victory in Europe. Also he proclaimed that Tuesday, May 8th be a public holiday, and that all the stores be closed.

Mr. Geo. Gregson also gave an address on behalf of the Wainwright Branch of the Canadian Legion, urging everybody to offer thanks for our deliverance from such a terrible plight that might have been ours if it had not been for perseverance of our armed forces and their capable leaders.

On behalf of the VIIIth Victory Loan, Mr. J. MacKenzie gave a talk on the necessity of everybody supporting the Victory Loan to their utmost extent. He stressed the need for money now, as we have not only Canada to support, but have to support our European allies for such time until they can get their countries back into a self supporting shape. This, he pointed out was a very necessary step if what our boys have been fighting for is not to be in vain. Let us not have this same mess to do over again in another generation.

Immediately after the parade, there was a capacity crowd assembled in the Elite Theatre, to hold special church services honoring our war dead and our war veterans. This service was conducted by the local parish ministers, with Capt. Father Elmann taking the sermon. The main theme of Capt. Elmann's address, was thanks be to our God that we have been delivered from one of the worst enemies ever known to mankind. He also pointed out that the first phase of our war was over and there was still one more phase to be met, namely the Japanese war. During the VIIIth Victory Loan, our local organizers have worked hard and yet have not had the response that was due them. Now that Victory (in Europe) is ours and we hope that in the not too distant future our boys will be home, let us show them that we were behind them 100% all the way.

In other words let us all SAY THANKS WITH A BOND.

## R.C.S.C.C. "EXETER" PROUD OF CONTRIBUTION

The following report has been received from the Commanding Officer of the Royal Canadian Sea Cadet Corps EXETER, Wainwright, Alberta.

Enlistments into the Royal Canadian Navy and the Merchant Navy from the local Sea Cadet Corps.

Blanchflower D., Currie P., Harper D., Moan A., McGowan P. (N.M.), MacKenzie D., Macdonald L., McDonald J., Snyder W., Torgy G., Torrance G., Wilbraham R.

The annual inspection of the R.C.S.C.C. "EXETER" will be held on Tuesday, May 15th, 1945 this is a compulsory parade only excuse is a written notice, of sickness.

Sgt. Herb Harden left last week to return to Camp Borden after a leave spent with his family in town.

## Town of Wainwright Helps Bond Drive

This is the official record of the proceedings of the Council of the Town of Wainwright at its regular meeting in the Council Chamber at 8 o'clock p.m., on Tuesday, the 1st day of May A.D. 1945.

The members of Council present at this meeting were Mayor Middlemass and Councillors Leggett, Coleman, Stafford, Cork, Torgy and Robinson.

The recorded proceedings of Council at their regular meeting of April 17th, 1945, were read and on motion of Councillor Robinson were confirmed as written.

On motion of Councillor Cork, that the letter dated April 24th, from the firm of Haddin & Miles of Calgary, announcing the arrival of Mr. Lowrie, their consulting engineer, be received and filed.

On motion of Councillor Stafford, that letter from Wainwright and District Co-operative Association, be brought before Council for discussion.

On motion of Councillor Cork, that Secretary of the Wainwright and District Co-operative Association be advised that Council has only allowed the use of Council Chamber for community purposes in the past and have not a public license for same, so regret their inability to allow the use of this chamber for the purpose of their monthly meetings.

On motion of Councillor Robinson, that application to purchase the \$1000.00 Victory Bond, be placed with Dr. J. G. Middlemass.

A communication received from the Secretary-Treasurer of Wainwright Municipal District, No. 61, requesting on behalf of his Council that the Town of Wainwright assume 50% of the \$10.00 per month grant now being paid by his Council in support of the Local Ration Board. On motion of Councillor Robinson that a grant of \$60.00 for the year 1945, be made in this connection.

On motion of Councillor Robinson, that letter and programme covering Aviation Conference, be handed to committee appointed to attend and that the Secretary be instructed to forward registration fee of \$5.00.

On motion of Councillor Cork, that Report of Town Constable Patterson, for the month of April, be received and filed.

On motion of Councillor Stafford, that Garden Permits be approved by Council, to the following persons, subject to conditions set forth in Permits governing same:

Mrs. N. Nelson, Lot 12, Blk. 45  
David Dundas, Lot 27, Blk. 3  
F. C. Lukens, Lot 7, Blk. 33  
A. Kristensen, Lot 15, Blk. 34  
E. Liasmore, Lot 19, Blk. 30

On motion of Councillor Stafford, that the application of Henry A. Lewis of Wainwright, to purchase Lot 6 in Block 36, Plan 6445-V, for the sum of \$27.50, be approved by Council pending the passing of the necessary by-law.

An application received from Mr. J. Gardiner Lewis of Wainwright, to purchase Lot 16 in Block 34, Plan 6445-V, for the sum of \$32.50 and on motion of Councillor Stafford that this be approved pending the passing of the necessary by-law.

On motion of Councillor Stafford, that the application received from James Duffin of Wainwright, to purchase Lot 16 in Block 34, Plan 6445-V, for the sum of \$32.50, be accepted by Council pending the passing of the necessary by-law.

An application received from William Hansen of Wainwright, to purchase Lot 10 in Block 24, Plan 6445-V, for the sum of \$40.00, on motion of Councillor Stafford that

this be approved pending the passing of the necessary by-law.

On motion of Councillor Torgy, that Council go on record as approving a subsidy being paid to milk producers supplying the Town of Wainwright and that the Secretary be instructed to forward a letter to this effect to the proper authorities.

On motion of Councillor Robinson, that the Monthly Statement for the month ending April 30th, 1945, be accepted as submitted and ordered incorporated in the minutes of this regular meeting.

| Joe Wright                  | 6.00     |
| Thos. Madkins, fire call    | 2.00     |

On motion of Councillor Robinson, that the Report of the Finance Committee be accepted as submitted and that the Mayor and Secretary-Treasurer be authorized and instructed to issue cheques to pay the individual accounts in the total amount of \$3893.33.

On motion of Councillor Coleman, that letter from Department of Agriculture, Ottawa, re T.R. test of dairy cattle, be tabled for discussion under unfinished business.

At this period the matter of Estimates for the year 1945, came before Council and the Chairman of the Finance Committee submitted his recommendations in this connection, taxes remaining the same as in 1944.

On motion of Councillor Robinson, that the Estimates for the year 1945 be set at \$46107.00 as recommended in the Report of the Committee and that the matter be now referred to the By-Law Committee with instructions that a By-Law be prepared for the fixing of the mill rates and the levying of taxes to raise the required amounts of money.

On motion of Councillor Leggett, continued on page 4

## NOTICE

In order to give our advertisers and subscribers prompt service, it is necessary to remain open on Tuesday but we will be closed all day Wednesday. This is brought about by our publishing day being Tuesday.

or  
SECRETARY  
9-5

## April Meeting Of Pres. Ladies Guild

The monthly meeting of the Ladies Guild was held Wednesday, May 2nd, at 3:00 p.m. in the basement of the church.

The attendance was good and the members had the pleasure of meeting the new Deaconess of the Gilt Edge district, Miss Anderson. From Weyburn, Sask.

A great deal of business was discussed and at the close of the meeting a delicious lunch was served by Mrs. Lowe and Mrs. Hill.

The next meeting will be held June 6th at 3:00 p.m.

Today we may take as a matter of course what yesterday was just plain course.

## NURSE WANTED

Relief nurse wanted for hospital duties to start June 1st to September 30th. Salary \$100.00 per month with full maintenance.

Apply

WAINWRIGHT HOSP. MATRON  
or  
SECRETARY

## W.M.S. and W.A. Hold Reg. Meeting

The regular monthly meeting of the W.M.S. and W.A. of the United Church was held at the home of Mrs. Richard, with twenty two present, five new members and two visitors were welcomed.

Mrs. Richard gave a most interesting reading, and the combined study book and devotionals was given by Mrs. Pickard assisted by four of the members, the subject being "Second Pilgrims."

Eighty three home and hospital calls were made during April, and fruit sent to three members who were ill. Mrs. Stevenson and Mrs. Patton volunteered as calling committee for May.

Mrs. Stevenson was installed as treasurer for the remainder of 1945, this office made vacant when Mrs. Anderson left to make her home at Rimbey. Best wishes of all the members go with Mrs. Anderson for every success in her new home.

After thorough discussion a unanimous vote was passed to have the interior of the church decorated.

Mrs. Leggett offered her home for the next meeting. Mrs. Mitchell Sr., and Mrs. Leggett will be the hostesses.

After closing the meeting a most delicious lunch was served by Mrs. L. Mitchell and Mrs. Pickard and an enjoyable social hour spent.

## Rosewillow W. I. Holds April Meeting

The regular monthly meeting of the Rosewillow W.I. was held at the home of Mrs. H. Olson on May 3rd, with eleven ladies present. The roll was "Mothers' Day Greetings."

The delayed quilting bee will be held at the home of Mrs. J. Black on Wednesday, May 9th. All members please attend.

Appreciative letters were read by Mrs. W. Lagerquist from the Navy League, the Wainwright Red Cross, Mrs. T. Goddard and Mr. G. Lewis.

Mrs. W. Lagerquist was chosen to be the delegate to the Edmonton Conference on May 29th to 31st inclusive.

The work box is nearly empty again as Mrs. C. Hicox has sold most of the fancy work and remnants. The contest given by Mrs. H. Olson was won by Mrs. J. Black. The gift of the month was won by Mrs. Hicox. It was decided to entertain Mrs. Murray at the next meeting which will be held at the home of Mrs. W. Lagerquist on June 7th. The roll call is to be answered by "Famous Canadians."

At the close of the meeting lunch was served by Mrs. H. Olson, Mrs. W. Lagerquist and Mrs. C. Plaxton.

## Hints for the Household

### SPRING IS HERE—TIME FOR PANCAKES WITH SYRUP OR JAM

Surf sign of spring—pancakes and maple syrup. This year there is not much maple syrup but that doesn't prevent pancakes from stepping into menus, with honey, jam or apple sauce pinch hitting for the usual syrup accompaniment.

Today the home economists of the Consumer Section, Dominion Department of Agriculture, give some secrets for successful pancake making.

Have the griddle hot enough but not too hot. To test, sprinkle a few drops of cold water on it. If they dance like beads the heat is just right.

Some griddles require no greasing. Iron pans however should be lightly greased. Too much fat makes sticky brown cakes, but insufficient fat makes them stick.

Pancakes are more attractive if they are all the same size. To accomplish this, use a quarter-cup measure or pour the batter from a pitcher.

Do not turn the cakes until they are set and the bubbles on top are breaking. Then turn carefully—once only. The perfect griddle cake is an even golden brown and tender—serve immediately when cooked.

To serve a crowd use two pans. In this way a double quantity can be cooked at one time and the cakes will be ready more quickly.

#### Plain Pancakes

- 2 cups sifted all-purpose flour OR 2½ cups sifted pastry flour
- 2 teaspoons sugar
- 3 teaspoons baking powder
- ½ teaspoon salt
- 2 eggs, well beaten
- 1½ cups milk
- 1 tablespoon melted fat

Mix and sift dry ingredients. Add milk to beaten egg and stir into dry ingredients. Mix until smooth. Add melted fat. Pour from a pitcher or quarter-cup measure on to a hot, lightly greased griddle. Cook until edges are done and bubbles on top begin to break. Turn and cook on other side. Serve at once with syrup, or honey. Makes 15-18 cakes.

#### Crumble Pancakes

- ¾ cup sifted all-purpose flour
- 3 teaspoons baking powder
- ¾ teaspoon salt
- 1½ cups fine, stale bread crumbs
- 2 eggs
- 1½ cups milk
- 2 tablespoons melted fat

Mix and sift flour, baking powder and salt. Stir in bread crumbs. Beat eggs and combine with milk. Add to dry ingredients and beat well. Add melted fat. Cook on greased hot griddle or frying pan until bubbles form on top and edges are done, then turn and cook other side. Makes 12-15 cakes.

#### Potato Scones

- 2 cups sifted all-purpose flour
- ¾ teaspoon salt
- 4 teaspoons baking powder
- 1 cup mashed potatoes

#### ½ cup milk

#### 2 tablespoons melted fat

Mix and sift dry ingredients. Blend with mashed potatoes, add milk and melted fat. Pat out to 1-inch thickness and cut in diamonds. Bake on a hot ungreased griddle. When well browned on one side, turn and cook on other side. Makes 12 scones.

### IS MOTHER'S DAY HER BEST DAY?

The thoughtful daughter is not content with a card, a box of candy or a bouquet on Mother's Day. She sees to it that for once Mother rests, while dinner is prepared for her instead of by her. And how Mother appreciates this! Here are some suggestions for those of you who wish to surprise Mother on her own day:

#### Orange Chrysanthemum Salad

- 6 oranges
  - 1 cup unpeeled apple slices
  - Lemon mayonnaise
  - Salad greens
- Cut tops from oranges. Remove meat in pieces. Cut orange shell to imitate petals of chrysanthemum. Combine orange, apple and dressing. Fill shells. (Serves 6.)

#### Mother's Day Coffolate

- 1 cup strong decaffeinated coffee
- 2 squares unsweetened chocolate
- 3 tablespoons sugar
- Dash of salt
- 3 cups milk

Make decaffeinated coffee extra-strength, using 1½ tablespoons for each cup (½ pint) water. Add chocolate to coffee in top of double boiler and place over low flame, stirring until chocolate is melted and blended. Add sugar and salt, and boil 4 minutes, stirring constantly. Place over boiling water. Add milk gradually, stirring constantly; then heat. When hot, beat with rotary egg beater until frothy. Serve hot. Top with whipped cream if desired. Serves 4. Serve decaffeinated coffee on Mothers Day so that everybody can relax taut nerves over extra cups without pillow tossing later on. If you make decaffeinated coffee in a percolator, be sure to "perk" it from 15 to 18 minutes, a little longer than the ordinary kind, to bring out its rich coffee flavor.

#### Rhubarb Orange Sherbet (Automatic Refrigerator)

Dissolve 1 rennet tablet by crushing in 1 tablespoon cold water. Mix ½ cup sugar and ¼ teaspoon orange rind with 2 cups milk (not canned). Warm slowly, stirring constantly. Test a drop on inside of wrist frequently. When COMFORTABLY WARM (110°F.) not hot, remove at once from heat. Add dissolved rennet tablet and stir quickly for a few seconds only. Pour at once, while still liquid, into refrigerator tray. Let stand at room temperature until set—about 10 minutes. Place in freezing compartment and freeze until firm. Remove from tray to bowl, break up with fork and beat with an electric or rotary beater until free

from hard lumps but still a thick mush. Add 1 cup sweetened rhubarb sauce and ¼ cup orange juice, beat quickly into the mixture. Finish freezing.

#### Magic 5-way Cookies

- 1½ cups (15 oz. can) sweetened condensed milk
- ½ cup peanut butter

Any one of these 5 ingredients:

- (1) 2 cups raisins
- (2) 2 cups corn flakes
- (3) 1 cup chopped nut meats
- (4) 2 cups chopped dates
- (5) 2 cups bran flakes

Mix sweetened condensed milk, peanut butter, and any one of the five ingredients listed; drop by spoonfuls on greased baking sheets. Bake in moderate oven (375°F.) 15 minutes, or until done. Remove from pan at once. Makes about 30 crisp cookies.

It's thrifty as well as easy to make these crisp, crunchy cookies with sweetened condensed milk by this magically failure-proof recipe. You don't need a bit of hard-to-get sugar or butter either.

#### Quick Frosted Lemon Cake

- 2 eggs
- 2¼ cups sifted Swans Down Cake Flour

- 2½ teaspoons double-acting baking powder
- 1 teaspoon salt

- 1½ cups sugar
  - ½ cup vegetable shortening
  - 2 teaspoons grated lemon rind
  - 1 cup milk
  - 2 eggs, unbeaten
  - 1 teaspoon vanilla
- Sift flour once; measure into after with baking powder, salt, and sugar. Have shortening at room temperature mix or stir just to soften. Add lemon rind. Sift in dry ingredients; add ½ of milk, eggs, and vanilla. Mix until all flour is dampened; then beat 1 minute. Add remaining milk, blend, and beat 2 minutes longer.

Turn into 13 x 9 x 2-inch pan which has been greased, lined on bottom with waxed paper, and greased again. Bake in moderate oven (375°F.) 35 minutes, or until done. Then spread hot cake with Meringue Cake Topping and return to oven. Bake 10 minutes longer, or until topping is lightly browned.

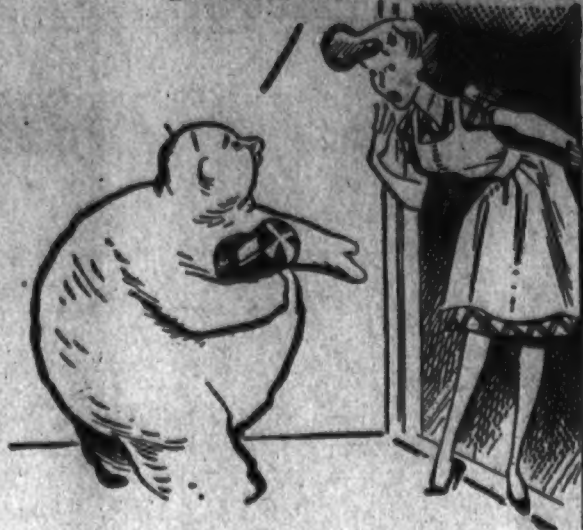

NOTE: Mix cake by hand or at low speed of electric mixer. Count only actual beating time. Or count beating strokes. Allow at least 100 full strokes per minute. Scrape bowl and beater or spoon often while mixing.

MERINGUE CAKE TOPPING: Beat 2 egg whites with dash of salt until foamy. Add ¼ cup sugar, 2 tablespoons at a time, beating after each addition until sugar is blended. Then beat until mixture will stand in peaks. Add ¼ teaspoon almond extract. Spread over hot cake in pan and sprinkle with ¼ cup chopped nut meats.

### Help Win the War—Buy War Savings Certificates

"HAVE YOU ORDERED NEXT WINTER'S COAL YET?"

All householders are urged, in their own interests, to have their coal bin filled at once.

Our mines must be kept operating throughout the Spring and Summer to get out enough coal to supply next winter's needs in Western Canada.

Your order must be placed now if you are to protect yourself and your family against being caught without coal when winter comes.

COURTESY COMFORT ECONOMY

## Wainwright IS PROUD OF THE MEN FROM THIS COMMUNITY ON ACTIVE SERVICE

Wherever a group of Wainwright people gather these days the chief topic of conversation is the latest news of local boys on active service. It's the doings of our own men that brings the war home to us . . . that makes us realize that this is our war. We read their letters and follow their doings with keen interest. We are proud of them.

## LET'S GIVE THEM REASON TO BE PROUD OF WAINWRIGHT

Wonder if men from this community boast about Wainwright? We hope they do. We hope they're proud of their home town; proud of the part that we, here in Wainwright are playing in the home front war effort.

Let's make sure about this. Let's put our objective for the 8th Victory Loan over in a way that will make this community talked about.

Let's make Wainwright's Victory Bond sales good news for the Wainwright men over there.

LET'S ALL BUY **MORE** VICTORY BONDS This Time

Wainwright VIIIth Victory LOAN Headquarters—Post Office Bldg., Phone 77.

Now thank we all our God

WE JOIN with all Canadians in giving thanks for the Victory in Europe which has delivered us from the perils of dictatorial domination and brutal ruthlessness. Our heartfelt thanks go out to all our fighting men who, by their courage, devotion and sacrifices, have once again made us all proud to be called Canadians.

BANK OF MONTREAL

## Can. Garden Ser.

### Transplanting

The secret of success in transplanting lies in keeping roots moist and as far as possible excluded from air. No matter if the article being transplanted is a tiny seedling or a ten foot ornamental tree, the same rule applies. It is not the shock of moving so much as the roots drying out that kills.

To prevent this, nurserymen pack all roots carefully, usually in damp moss, and then to make doubly sure they wrap tightly in burlap or oiled paper. When this nursery stock is bought it should be kept in a cool, moist place until planted and, if possible, in the case of big stuff like shrubbery and trees sprinkle some water over packed roots, to keep them moist.

In moving plants from one location to another in the garden it is advisable to dig carefully, keeping as much soil attached to the roots as possible, planting quickly in the permanent position, forming new soil tightly about the roots, and watering. Again this advice holds no matter how small or how big the plant being moved.

### Labor Savers

While one can garden satisfactorily with a minimum of tools, good results being guaranteed with only a rake, hoe and spade, the job will be made speedier and easier with a little more equipment. Three to five pronged cultivators will do about three times the work of a hoe, with the same effort, and a long handled spade or fork will save the back in

digging. Then again there are special tools for special jobs. Dutch hoes, for instance, will be found faster than the ordinary kind for light weeding, and a long handled spudder will get dandelions and other weeds out of the lawn without the usual stooping. With all implements, from the simplest to the most complicated, big dividends in labor saved, are paid by having cutting edges clean and sharp. An old file will do the trick with hoes and spades.

### Take your Time

Old-timers are seldom seen rushing the planting. As a matter of fact they will tell you there need be no special rush. It is a good thing to get a bit of the garden planted early, but it is foolish to risk the main planting until all danger of frost is over. And in any case if the garden is all planted at once then the harvest will all come together, with a feast for a few days, followed by a famine.

In the greater part of Canada one can go on planting vegetables and flowers right up to July 1st—indeed in some areas it is possible to plant beans, carrots and beets even later and still get good returns. Experienced gardeners divide their seed into at least three parts and make successional sowing about ten days to two weeks apart. For tender things like beans, corn, potatoes, peppers, tomatoes, and so on, nothing is gained by rushing the season in any case. For Special Locations.

Listed in the seed catalogue will be found flowers that actually prefer darkish corners, in fact will not grow if exposed to full sun from morning

until night. And these flowers often have brilliant coloring too. The tuberous rooted begonia is an example. Then there are flowers like portulaca that prefer a blazing sun and poor, dryish soil. Listed in every good Canadian seed catalogue are hundreds of others sufficient to meet almost any conditions.

### COMMERCIAL AND HOME METHODS OF PASTEURIZATION

To kill germs that possibly have invaded raw milk and have made it unsafe to drink, it must be put through a protective process called pasteurization.

Commercial pasteurization of milk for direct consumption involves a process of heating it to a temperature not lower than 142°F and not higher than 145°F for not less than 30 minutes. The milk is then cooled—lowered to 45° within 45 minutes.

This process can also be carried out in the home—in a smaller way, of course. Health departments both in Canada and the United States recognize home pasteurization and will help in the obtaining of necessary equipment and in instructing in its use.

In sparsely settled areas where pasteurized milk is unavailable, home pasteurizers should obtain a heavy aluminum container with faucet attached about two inches from the bottom. Also needed is a removable metal rack which should clear the bottom of the container by about 1½ inches. The container should be deeper than quart bottles which can be used to hold the milk. An armored thermometer also is needed.

The filled bottles of milk with the thermometer inserted through the cap of one bottle are placed in the container, in cold water about an inch from their tops. When the thermometer reaches 145°F, the heat is reduced so that the thermometer reading remains between 142° and 145° for 30 minutes.

All virulent disease germs will then have been killed and, if ice or snow are available, the water should be drawn off a little at a time and ice or snow added, until the reading is 45°.

The milk is cooled to 45° because that is the temperature at which it keeps best.

Another home pasteurization method used in farm homes is to heat the milk to a boiling point and then immediately cool it. More care has to be exercised in cooling until the temperature falls to about 100°.

It is easier to make good laws than good men. But the results are not as good.

Wheat, one of Canada's leading export commodities today, was exported from Canada as early as the middle of the 18th century. In 1754 shipments amounted to 80,000 bushels. Newfoundland and the French West Indies were the chief markets.

Teamwork is democracy's answer to class war.

One hundred and thirty officers of the Canadian Dental Corps are attached to the Royal Canadian Navy. They serve Canadian sailors at several ports where Canadian ships are based, as well as in some inland posts.

## The Town of Wainwright

# FAMILY ALLOWANCES AND INCOME TAX

THE following announcement will help to clarify the relationship between Family Allowances and Income Tax credits for dependent children. Family Allowances are payable from July 1st, 1945, and the registration of children is now taking place.

The Family Allowances Act was designed to help equalize opportunities for all children, and when the Act was passed, Parliament approved the principle that there should be no duplication of benefits by way of Family Allowances and Income Tax credits for the same child. An amendment to the Income War Tax Act will be made to deal with this duplication. In the meantime, however, the Govern-

ment proposes, for the last six months of 1945 during which Family Allowances are payable, to remove duplication by adjusting the income tax credits received for children.

It is natural that parents in the low income groups will be expected to receive maximum benefits from Family Allowances. Partial benefits will be received, however, by parents with incomes up to \$3,000.

The table below shows the effect of the adjustments which the Government has decided to make. For convenience and simplicity the benefits received by each income group are shown as a per cent of the Family Allowances received. The table shows:

(a) Heads of families receiving incomes in 1945 of \$1,200 or less will benefit to the extent of the full amount of the Family Allowances received. As they are not required to pay income tax, there is no duplication to remove.

(b) Heads of families receiving incomes in 1945 in excess of \$1,200, but not in excess of \$3,000, will in effect retain the full value of their present income tax credits and in addition a percentage of the actual Family Allowances received.

(c) Heads of families with incomes in excess of \$3,000 will retain their full income tax credits for children if they do not receive Family Allowances. These taxpayers may, however, apply for Family Allowances to protect themselves against a possible decrease in income at a later date which might bring them into a lower income range where they would benefit from Family Allowances. In such cases if the income remains in excess of \$3,000, the income tax credits for children would be reduced by the full amount of Family Allowances received.

### TABLE SHOWING EFFECT OF ADJUSTMENT FOR 1945

| AMOUNT OF TAXABLE INCOME          | Percent by which taxpayers will benefit from Family Allowances (in addition to present income tax credits, for 1945) |
|-----------------------------------|--|
| Over \$1,200 but not over \$1,400 | 100%   |
| " " " " " " 1,400                 | 90%  |
| " " " " " " 1,600                 | 80%  |
| " " " " " " 1,800                 | 70%  |
| " " " " " " 2,000                 | 60%  |
| " " " " " " 2,200                 | 50%  |
| " " " " " " 2,400                 | 40%  |
| " " " " " " 2,600                 | 30%  |
| " " " " " " 2,800                 | 20%  |
| " " " " " " 3,000                 | 10%  |
| " " " " " " 3,000                 | 0%   |

NOTE—This table applies to married persons and others having the status of married persons for income tax purposes. For the relatively small number of single persons supporting children and not having married status for income tax purposes, and for members of the Armed Forces, special tables can be obtained from the Regional Director of Family Allowances in each provincial capital.

### Family Allowances will be paid in full

In all cases, those who apply for and are eligible to receive Family Allowances will receive them in full, month by month. See scale below:

#### SCALE OF MONTHLY ALLOWANCES FOR THE FIRST FOUR CHILDREN

| For each child            |        |
|---------------------------|--------|
| Under 6                   | \$5.00 |
| From 6 to 9 (inclusive)   | 6.00   |
| From 10 to 12 (inclusive) | 7.00   |
| From 13 to 15 (inclusive) | 8.00   |

Where there are more than four children under 16 in the family, the monthly allowance for each child after the fourth will be reduced in accordance with the provisions of the Family Allowances Act.

As far as is possible, to take care of the adjustments necessary to avoid duplication of benefits, current income tax deductions at the source will be adjusted to take into account the new situation when Family Allowance payments commence. This will avoid placing an awkward burden on the taxpayers at the end of the year.

### FAMILY ALLOWANCES ARE NOT TAXABLE

Special attention is drawn to the fact that the income ranges used in the table above refer to taxable income, and any amounts received as Family Allowances should not therefore be included in calculating income for this purpose because Family Allowances are not taxable.

Family Allowances are also additional to dependents' allowances for servicemen's families and military pensions.

For children registered after July 1st, 1945, Family Allowances will be paid as from the month following the month when registration is made. Family Allowances are not paid retroactively.

Published under the authority of  
Hon. BROOKE CLAXTON, Minister,  
Department of National Health and Welfare, Ottawa

### NOTE THESE TWO EXAMPLES

1. Family with two children, ages 6 and 8, with total income during 1945 of \$1,200.

#### TOTAL FOR SIX MONTHS OF 1945

|              |                |
|--------------|----------------|
| First Child  | \$36.00        |
| Second Child | 36.00          |
|              | <b>\$72.00</b> |

As this family does not benefit by way of income tax credits, it receives and keeps the full amount as stated above.

2. Family with two children, ages 6 and 8, with total income during 1945 of \$1,950.

#### TOTAL FOR SIX MONTHS OF 1945

|              |                |
|--------------|----------------|
| First Child  | \$36.00        |
| Second Child | 36.00          |
|              | <b>\$72.00</b> |

Amount returnable, being loss of income tax credits

28.80

Amount retained (60%, see table)

**\$43.20**

### DOES THIS APPLY TO YOUR DOG?

It sure is a funny thing that some people are always the goat for other folks in our town. Something the editor will never be able to figure out, must be human nature, I guess. Take the dog question for instance, it appears that there are a lot of dogs in our town. Right, but have they all got licenses, not by a darn sight. The faithful owners that like their dogs, and are willing to sacrifice one dollar to have their pet around for a year, are made the goat for a lot of people that just don't want to abide by the law.

Every day you can see the dogs congregate on main street, and the odds are 10 to 1 that half of them are not in possession of dog tax tags. Now isn't it high time that the Town took steps to eliminate this nuisance. Why not put it on a footing of "tag the dog", or "no dog to tag", basis.

Granted there are some law abiding citizens, and as soon as the dog tax comes due, it is paid without further comment. These people are due a lot of credit, because why should they carry the whole load, while others never bother, or ask to lift their end.

Well, how about it, has your Fido got his license plate for this year? If not, better skip down to see Don Pawsey and get fixed up, so that the next time old Sport lays his head on your lap, you will know that he is safe from the dog catcher for another year.

### WHY???

Why is it that Wainwright has to be over due in reaching its 8th Victory Loan quota.

Is it the feeling that the war is nearly over now, and why should I bother? Well brother, the war is not nearly over, and the fact is it is just starting. True, the fighting in Europe is over, but that doesn't say that the war is nearly over.

There will be food and clothing for our policing forces as well as other necessary items that have to be provided for an army as big as Canada's. Also there is the rehabilitation scheme that has to be paid for. The boys that have given two, three, four or five years of their life to a cause that we all believe in, deserve a little more than, THANKS PAL, NICE JOB. It is common knowledge that those years are never to be regained, in finance, age or health.

Health, brings up another question, our pensions, our hospitals, and our health centers all have to be maintained, as well as staffed. This all takes money, and the only way that this money can be raised is by everybody getting behind the VIII Victory Loan. Surely, if you saw a war amputation case on the street, you wouldn't walk up to him and say, "too bad chum, I guess you're washed up now, eh". Of course you wouldn't, but that is just what you are doing if you don't say thanks with a bond.

Another phase of the war is just starting for Canada, and that is the Pacific phase. Canada has not participated in the Japanese war to a very large extent, having its hands full in the European theatre. It was not possible in the past, but now with renewed energy it has a big job too in the west.

That all takes money, and the only way that it can be provided is to make a success of the VIII Victory Loan.

You may say all well and good, "but I bought bonds the last time." Well, but that was the last time. Didn't you pay the light bill the last time, okay then, are you not going to pay it the next time. Sure you are, well the idea is the same.

In other words, go right now and contact a Victory Loan Salesman, and have peace of mind that you did your share for the boy that used to live down the street, and who just now doesn't live on any street, but in a trench or fox hole over there.

Wainwright, has in the past always gone over the top in its loan objectives, let this time be no exception.

### SUGAR SAVERS

Tested tips on sugar economies help Mrs. Jack Canuck to save on the household sugar ration budget. Add sugar to stewed fruit after cooking and while it is still warm. Cook dried fruits in the water in which they have been soaked. Little or no sugar will be needed for sweetening. Bake the sweeter fruits with a little water and bake them with the liquid. Make pudding sauces with left over canned fruit syrups. To sweeten cold drinks use canned fruit syrup or plain sugar syrup made with equal quantities of boiled sugar and water. Add half a cup of raisins to desserts and reduce sugar by two tablespoons. Reduce sugar by two tablespoons in making pre-war desserts. They will taste just as good.

### EDGERTON

1935th Victory Wheel was won by  
O. L. Michon with No. 14.

A free picture show and dance,  
sponsored by the War Finance Com-  
mittee, was held in Pawsey's Hall  
last Monday. The hall was filled to  
overflowing and the audience enjoyed  
a good show and interesting talk by  
Sgt. Major Carl McDonald on his ex-  
periences on active service for five  
years. Three war bonds were raffled  
the winners being, Rasmus Olson,  
Allison Trussler and Kenny Darby.

The sale of War Bonds is going  
quite well but we have to sell another  
\$30,000 if we are to go over the top.  
There are still quite a lot of able  
purchasers to be heard from and if  
the canvassers are not able to con-  
tact them, they are asked to call on  
any of the salesmen and buy to their  
limit.

The Rev. E. Maddocks of Calgary  
was a visitor to his sister, Mrs. W.  
J. Kelly last Monday. He was on his  
way to Saskatoon where he is giving  
the Convocation address at Emmat-  
uel College.

Tuesday was moving day in town.  
The Harrisons moved into their house  
recently vacated by Russ Kyle and  
family. The Bowlby family moved in-  
to that vacated by John Harrison and  
the Kyle family moved into the Hotel  
Postcards have been received from  
the following acknowledging cigar-  
ettes from the local fund: Sgt. B.  
Groves, R.C.A.F.; LAC Morris Kim-  
ball, R.C.A.F.; Pte. G. Lees, R.A.P.C.  
and Gunner Pugh, R.C.A.

George Phillips went to Provost  
Tuesday for medical aid.

Mr. Bagshall who used to reside  
here has been visiting at the Mitchell  
home.

Corporal Dud Sawyer returned from  
Calgary Friday and has taken over  
the Pool Room which he has pur-  
chased from Mr. Ripley. He has his  
discharge from the Army.

Rev. V. Cole conducted services at  
St. Mary's Edgerton and St. Patrick's  
Heath last Sunday. The next services  
here will be on May 20th.

The Red Cross local held a meeting  
in the work rooms on Saturday night.

Help Win the War—Buy  
War Savings Certificates

### HEATH

Mrs. Bouck enjoyed a visit from  
her sister-in-law, Mrs. Chas. Peter-  
son of Irma.

Neil MacFadyen has returned home  
from his duties at Camp Borden.

Mrs. Bartlett Sr. celebrated her  
76th birthday on Sunday by having  
a few friends call for tea.

Sunday School pupils of St. Pat-  
rick's church met at the home of  
Mrs. Patterson on Friday afternoon  
to write their annual Sunday School  
exams.

Mrs. Dale Richardson has been a  
patient at the local hospital but is  
expected home soon.

### WHITE CLOUD

"Teeny" Tonda of Victoria and  
Palmo and Edith of Vancouver and  
Lilly of Calgary were in the district  
a few days after attending their  
mother's funeral.

Mr. Lorne Dryer and Mr. Bill  
Brunner are in the district digging a  
well at the Veggo farm at present.

Mrs. E. Myer has been getting  
settled in her new house which is  
almost finished.

### VE DAY CUTS FEW CONTROLS

Material and manpower will be  
deciding factors in return to civilian  
production after the war in Europe,  
said Donald Gordon, Prices Board  
Chairman, recently.

Mr. Gordon warned that shortages  
in some foods and textiles would  
continue as Canada honoured her  
commitments in the Pacific war  
and in supplies to liberated Europe.  
Steel for civilian use should be in  
adequate supply after the defeat of  
Germany and relaxation of restric-  
tions on use of most non-ferrous  
metals will permit production of  
many hardware items needed for  
home building, the Chairman said.

# Opportunities for ALL

YOUR Liberal Government under Mackenzie King  
has taken practical steps to see that every Canadian after  
the war shall have a wide-open chance to make a real  
success of his life. It can be done by giving everybody the  
opportunity to get ahead faster and go further.

Isn't that what you want — a chance to make your own  
way IN your own way?

Here are definite, practical steps which the Liberal  
Government has taken (not just talked about, but *taken*)  
to make this Canada a better place to work in and bring  
up your children.

You will have to decide whether you want the men  
who devised these measures to carry them through, or  
whether you wish to entrust your own and your family's  
future to others.

Mr. Hon. W. L. MACKENZIE KING, Prime Minister

### 1 Reconstruction

Plans for jobs for 900,000 more workers than  
in 1939; and 60,000 more each year as the  
population grows. Every kind of enterprise will  
be encouraged. The Liberal Government has  
already set up the machinery: the Department of  
Reconstruction.

### 2 Foreign Trade

Liberal objective: Sixty percent increase in value  
over Canada's pre-war export trade. This means  
thousands of jobs, and is based on the number  
of jobs created by Canada's normal export trade.

### 3 Credit for Enterprise

The Liberal Government set up the Industrial  
Development Bank to provide money at low  
interest for long terms to help enterprising  
Canadians to develop new business. Another  
step towards creating full employment.

### 4 Exports Encouraged

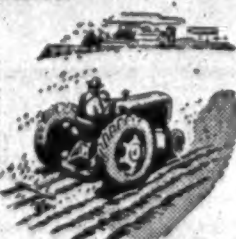

War-torn countries will want to buy tremendous  
quantities of Canadian goods. To facilitate this,  
the Liberal Government has set up the Export  
Credit Insurance Act to do two things: (1) to  
insure Canadian exporters against loss, and (2)  
to make loans to foreign governments under  
contract to Canadian exporters.

### 5 Farm Improvement Loans

Your Liberal Government  
has made low interest  
loans available to farmers  
to finance their work and  
make improvements.

### 6 Guaranteed Markets

To provide farmers with a better wartime in-  
come, the Liberal Government made contracts  
for definite quantities of important products at  
agreed prices—notably bacon, eggs, cheese and  
beef. These contracts have worked out so well  
the Liberal Government extended many for  
longer periods.

### 7 Family Allowances

From July next, Family Allowances are to be paid  
monthly to assist parents in raising their chil-  
dren—\$250,000,000 a year direct spending power  
in the hands of people who need it most.

### 8 New Homes for Canadians

The Liberal Government's new \$400,000,000  
National Housing Act enables hundreds of  
thousands of Canadians to own their own homes.  
In the first year after Germany's defeat, at least  
50,000 dwellings will be built.

### 9 Returning Veterans

Gratuities, benefits and  
grants of \$750,000,000 will  
enable men and women of  
the Armed Services to apply  
their energies in building  
the prosperous Canada for  
which your Liberal Govern-  
ment has been planning.

### 10 Floor Prices under Fish and Farm Products

To protect farmers and fishermen and to main-  
tain prices, the Liberal Government has pro-  
vided floor prices under their products. Pros-  
perous farmers and fishermen make a prosperous  
Canada.

### 11 Better Labour Conditions

In co-operation with organized Labour, the  
Liberal Government has confirmed collective  
bargaining, provided unemployment insurance,  
appointed labour representatives on govern-  
ment boards. (More than 600,000 workers, be-  
cause of the Liberal Government's attitude  
towards Labour and the labour movement, now  
get annual vacations with pay.)

### 12 Reduction in Taxation

The Liberal Government will gradually reduce  
taxation when the European war is over to free  
spending power and to give Canadians every  
opportunity for prosperity, employment and  
freedom.

What you have done in war—you can do in peace. You can do your  
part by supporting the Liberal Candidate in your constituency.

Department of Transport

The Department of Transport provides facilities for the safe and efficient operation of air, marine and railway transportation by government and private agencies.

This includes the construction, equipping and maintenance of airways and government aerodromes, the licensing of private aerodromes, and supplying radio aids to fliers. The Department is responsible for the administration of air regulations, examining and licensing air pilots and navigators, and the periodic inspection and licensing of aircraft. Through these air services, the Department has constructed and equipped all aerodromes required during the war for the British Commonwealth Air Training Plan and for home defence purposes.

Radio facilities provided also include aids to marine navigation in the form of direction-finding stations, radio beacons and ship-to-shore communication systems, the licensing of broadcasting stations, issue of private receiving licenses, and the general administration of the Radio Act. The meteorological services are also provided to shipping and to agricultural and industrial undertakings.

By a series of canals and canalized waters, operated and maintained by the Department, approximately 1,800 miles of waterways have been opened

to navigation mainly from the sea to the head of Lake Superior as well as subsidiary canals and branches. Through this shipway wheat and other farm produce are moved East.

Marine facilities provided include lighthouses, lightships, buoys and other aids to navigation. The Department operates ice-breaking vessels, provides pilotage services, maintains nautical schools, examines masters, mates and engineering officers for Certificates of Competency, and keeps registries of both shipping and ship personnel. As a wartime measure, merchant seamen's manning pools and training schools are operated and seamen's welfare in ports is supervised.

The National Harbours Board which maintains and operates Canada's national ports, is responsible to Parliament through the Minister of Transport.

The Department of Transport is responsible for auditing the expenditures of the Canadian National Railway Company, and its Board of Directors report to Parliament through the Minister. Direct governmental control over the management and operation of Government-owned railways ceased in 1923, when such control was vested in the Canadian National Railway Company on its formation.

As a wartime measure, the Department of Transport appointed a Transport Controller with authority to regulate freight and passenger traffic over all railways and other means of transportation in Canada.

## T.B. DEATHS DOWN

It is not so many years since mention of the Great White Scourge struck a chill through the hearts of men, for more people used to die of tuberculosis than from any other cause. But Canada has been scientifically fighting this disease for years and today the death rate from T.B. is less than 62 per 100,000 people, while in 1926 it stood at 86.

**Farmer Credit for Farmers**  
Benefits under the Farm Improvement Loans Act passed at the last session of Parliament are now available.

The act enables farmers to obtain loans up to \$3,000 from their local banks for a wide variety of purchases and extending over terms up to 10 years at 5% simple interest. The banks receive a guarantee from the government against loss to the extent of 10% of the amount lent up to the \$350,000 limit established by the Act, which itself is for a period of three years.

## Farm Notes

### PROPER WAY TO CUT

#### POTATOES FOR SEED

What is the best way to cut potatoes when it comes time to plant them? They should not be cut into too many pieces, nor planted in too large chunks.

The proper way to cut potatoes for seed is to divide them into blocky seed pieces weighing from an ounce and a half to two ounces each and with each piece containing two eyes. The tuber's seed end, which contains the most eyes, should be split.

The number of seed pieces which should be cut from any potato depends on its variety and on its size. For example, a six to eight ounce tuber should make four seed pieces. A five ounce tuber can be cut into three pieces—two from the seed end and the other, the stem end of the tuber.

### MONEY FOR FARMERS

#### RAISING BROILERS

Due to the shortage of meats there is little doubt that all kinds of poultry will be in greater demand and the broiler, particularly the broiler of the heavy breeds, will be in greater demand.

Considered more or less of a luxury, the demand for broilers is in the top grades, and proper care in feeding and finishing is not only essential, but becomes of great importance in determining the margin of profit, says W. T. Scott, Head Poultryman, Dominion Experimental Station, Harrow, Ont.

Buyers of broilers are inclined to be discriminating, consequently an effort should be made to cater to their taste by placing the product on the market in its most attractive form. As a side-line, the general farmer or his wife may find raising a few hundred broilers an attractive prospect. Under fairly average conditions, the two pound broiler of the right type can be raised on about six to seven pounds of feed in ten weeks and the feed should constitute about half the total cost of production. The margin of profit will depend on the price paid for the chick, skill in feeding and finishing and the rate of mortality.

Broilers can be successfully reared to the market stage in either pens or batteries, but providing the weather permits, the method that generally appeals to the farmer on account of the saving in labour and equipment is to allow about five weeks in the nursery brooder, about three weeks on good grass range and two weeks confined to pens for finishing on a good milk diet.

Reliable ready mixed rearing and finishing mashers are available. For the farmer who prefers to use his own grain, good results will follow the use of the usual starter and developer dry mash to about eight weeks followed by two weeks finishing on a mixture of 50 pounds of corn meal, 20 pounds middling and ten pounds of ground heavy oats moistened to the consistency of heavy batter with sour skim milk or buttermilk.

The skilful feeder will give just sufficient to satisfy the birds thoroughly and is careful to remove what is left over at each feeding.

In order to ensure a better appearance and keeping condition, the crop and intestines should be thoroughly emptied by starving for at least twenty-four hours before killing. Water should be supplied during this period.

## World of Wheat

H. G. L. Strange,  
Director, Research Department,  
Searle Grain Company, Ltd.

### HELP BRITAIN BY GROWING VEGETABLES

Britain has shipped a large part of her precious meat reserves to Europe for the purpose of aiding those who are in dire distress. The United States and Canada, therefore, are straining every effort to send all the meat they can to Britain. We can all help by eating less meat. One of the best ways of making up for some lack of meat is by consuming more vegetables. No food with such high nutrients can be grown in such large quantities and with such little labour as vegetables. Farmers can easily

grow their own vegetables.

Certain vegetables are high in the precious vitamins A and C. They are: broccoli, mustard and cress, Brussels sprouts, spinach, cabbage, tomatoes, cauliflower and lettuce. Other vegetables have considerably less nutritive value:—turnips, carrots, peas, radishes, parsnips, runner beans and onions. Still others have practically no nutritive value:—asparagus, cucumber, celery, marrow and pumpkin.

Vegetables such as lettuce, tomatoes, mustard and cress, eaten raw, give the consumer the full content of vitamins, but improper cooking can easily lose most of the vitamins contained in vegetables. All housewives, therefore, should learn the proper way to cook vegetables so as to preserve most of the valuable nutrients they contain. A nutritious vegetable stew is a full meal and a right royal dish for any table.

### ITEMS OF INTEREST IN THE WORLD OF FOODSTUFFS

U.S. feed grain acreage is likely to be slightly decreased this year according to a recent survey of farmers' planting intentions—Bire reports that acreage sown to winter wheat this season was well below that of recent years.

According to recent reports, winter wheat in the United Kingdom had come through the severe cold spell in generally good condition—Rains in the latter part of March saved many crops in Spain and Portugal that were on the point of being spoiled by drought—Canadian wheat exports during the past week are unofficially reported at three million bushels, mostly to the United Kingdom.

Our Motto

A Home From Home

Right now the biggest single manufacturing industry in Canada is the aircraft industry. At its peak it employed something like 120,000 workers and was making around 4,000 planes a year. The exact figures now aren't available, though the total number of planes is probably somewhat lower, because now we're building more big planes.

Just how big our aircraft industry will be after the war is something that nobody knows, but we can give you some information by which you can make your own pretty fair guess.

First keep in mind that there is almost as much difference between different types of planes as between row boats and battleships. On one hand we have the new four-motored Douglas passenger airliners which will be built for T.C.A. in Montreal. They'll carry over 40 passengers at about 225 miles an hour and will short cut across the Great Lakes from Toronto to Fort William with perhaps one or two more stops between there and the coast.

On the other hand we'll have the little two-seater light planes such as the Cub trainer. By way of contrast the big Douglasses will cost perhaps 100 times as much, and take perhaps 100 times as many man hours to build.

In between the two extremes will be three and four-place private planes 10-passenger bush and feeder line planes like the Montreal-built Noorduyn Norseman, and the 14-passenger Lockheed Lodestar which is standard equipment on T.C.A. now.

But how many of these planes will be required, Dr. C. C. Furnas, Director of Research for Curtiss-Wright Airplane Division, one of the biggest manufacturers in the States, says that by 1950 he hopes to see eight times the air traffic of 1940. That will be roughly the present level of passenger traffic by rail.

Yet, for all that traffic, Dr. Furnas says that 570 planes would be enough. At that rate Canada would need only 44 planes to carry all our airline traffic in 1950. And that doesn't mean 44 new planes every year. Every one of those planes would last several years.

Dr. Furnas, of course, is not taking into account planes used for international service, and he is assuming that we'll have a good many of the 40 to 60-passenger type of plane in service. A single 40-passenger plane crossing Canada every day can do double the work of a single full-length passenger train which takes for the same trip a total of seven or eight days.

So there's no use kidding ourselves that Canadian aircraft factories are going to be turning out scores of

transport planes. Even if Dr. Furnas is an old pessimist—and the people who know aviation know he's not—there still isn't the makings of a big airliner manufacturing business.

The light plane manufacturing is brighter. Here, however, Canada's future depends not so much on the plane, as on ordinary every day Canadians and what they do about making the planes which are already to go into production useful.

T. P. Wright, Administrator of the Civil Aeronautics Administration in the United States says private flying will outstrip commercial flying four to one. Applying his figures to Canada, we'd have 25,000 private planes 10 years after the war. We think his figure a little high, but not if we could get enough small airports to make private flying a real proposition.

## HEALTH

A HEALTH SERVICE OF THE CANADIAN MEDICAL ASSOCIATION AND LIFE INSURANCE COMPANIES IN CANADA

### CANADIAN DRUGGISTS IN ANTI-VD PROJECT

Toronto.—The Health League of Canada and the Canadian Pharmaceutical Association have united to stage a special "Stamp Out VD" campaign, May 21-26.

For this special campaign, part of the Health League's continuous anti-VD program, Canada's 3,865 operating druggists are being asked to co-operate through window and counter displays, with some posters and literature being supplied by provincial health departments.

The League is supplying participating drug stores with other posters, window signs and counter cards.

## NEWS & VIEWS OF TOWN AND DISTRICT

**BORN**—To Mr. and Mrs. Earl Plaxton of Wainwright at the Wainwright municipal hospital on May 2nd, a boy.

**BORN**—To Mr. and Mrs. R. H. Ott, of Irma at the Wainwright municipal hospital on May 5th, a girl.

With the news of the surrender of Germany's armed forces many of our citizens may in error conclude that the need for backing our government by means of the Eighth Victory Loan Campaign is over. It would be exceedingly unfortunate if such an impression should prevail. Guerrilla fighting, policing enemy countries, caring for our wounded and former prisoners of war and feeding starving millions in allied countries will require immense sums of money, and for happier uses, such as bringing our boys home, with transportation, mustering-out pay and rehabilitation costs, equal immense sums will be needed over the next six months. There is still much to be done. Let's finish the job now and say thanks by heavily over-subscribing the Eighth Victory Loan.

Mr. H. U. Taylor left on Sunday for Edmonton where he will take up his new position as Audit Clerk for the Income Tax Division of the Dominion Government. Good luck Harold.

Mrs. Jack Collette (nee Bernice Fraser) was in town for a few days last week visiting Mr. and Mrs. L. Dahl.

Sgt. Jim Watson R.C.A.F. was a visitor here between trains on Thursday last, he was formerly employed as a tinmith in town before the war.

The members of Adeline Rebekah Lodge No. 54 conferred the initiatory degree on two new members on Thursday night last when Mrs. V. Smith and Mrs. D. Dundas joined the lodge.

Mrs. D. Mills arrived home from Edmonton on Friday night to visit with relatives in town.

Mrs. W. Harley enjoyed a short visit last week from LAW M. Godwin R.C.A.F. who stopped over enroute home on leave to Edmonton from Mountain View.

P.O. Morris Fraser, R.C.A.F. who has just returned from overseas was in town visiting friends last week. He was accompanied by his mother, Mrs. Fraser of Edmonton.

Mr. and Mrs. O. R. Hannah left on Monday last for Calgary where they will visit before continuing to the west coast. The best wishes of a large circle of friends go with this popular couple to their new home.

Rev. Hancock left for Calgary on Tuesday to attend a synodical meeting of the Presbyterian Church at which Prof. W. W. Bryden acting Principal of Knox College, Toronto will deliver a series of lectures to ministers and laymen.

**WAINWRIGHT WILL BE REPRESENTED AT AIR CONFERENCE**  
Construction of Air Strips To Be Under Discussion

The Northern Alberta Aviation Conference is being held in Edmonton May 8th and 9th, first at the Memorial Hall and then at the Macdonald Hotel. The conference is sponsored by the Aviation Committee Edmonton Chamber of Commerce. The Town of Wainwright will be represented by Councillor Robinson and Councillor Cork.

Invited guests and experts to be present are the Hon. C. E. Gerhart, Hon. W. A. Fallow, A. D. McLean, Director, Civil Aviation for Canada, G.W.G. McConachie, General Manager Western Lines, Canadian Pacific Air Lines, Homer Keith, Construction Engineer, Department of Transport, Capt. James Bell, Manager, Edmonton Airport, W. A. Andrew, Chief Despatcher, Canadian Pacific Air Lines, C. A. Becker, W. R. "Wop" May, Maj-General Foster, Brig-General Gaffney U.S.A.A.F., Frank Burton, Manager, Edmonton Flying Training, Ltd. and others.

Subjects to come under discussion will be construction, maintenance and administration of air strips and air

fields, post-war, private flying, radio despatch and weather forecasting, north-west air routes and other matters of importance. A visit to Canadian and American developments at Edmonton Municipal Airport will be made on Wednesday under the direction of Captain James Bell, Airport Manager.

A dinner at the Macdonald Hotel will be held at 6:30 p.m. on Tuesday, speaker, A. D. McLean, Ottawa, Director of Civil Aviation, Dominion Department of Transport. At 12:15 noon on Wednesday there will be a luncheon at the Macdonald Hotel.

## SPRUCE SAWFLY THREATENS RUIN TO SHELTERBELTS IN WAIN. DISTRICTS

A serious outbreak of Spruce Sawfly has been observed throughout most of the districts between Townships 36 and 46 and as far west as range 7 With notes T. W. Townley-Smith, District Agriculturist.

Damage is done by the insect when in the larva stage in June and early July. At this time it appears as a smooth bodied caterpillar, yellowish green with olive stripes along the sides, and with a light brown head. When fully grown at end of June or first week in July they are about three quarters of an inch long.

Injury to the trees consists of defoliation beginning with the young growth near the top of the trees. Such damage from light infestation may pass almost unnoticed for the first year but as soon as the insects increase in numbers the injury is usually observed. When it is considered that the spruce normally requires from five to seven years to replace its needles, it can be readily realized that defoliation of even half the tree is very serious. Extensive loss of needles may easily result in death to the tree.

The pest is controlled by use of any of the good stomach poisons, arsenate of either lead or calcium being most commonly used. The poison either as a spray or a dust should be applied in early June to kill the insects as soon as they begin to feed and before any great amount of damage is done. Since first damage is done near the top of the tree, difficulty may be encountered in reaching taller trees effectively.

Power spraying equipment may be made available from the Dominion Experimental Station at Scott if the whole district is sufficiently organized to warrant its use. All persons who have spruce trees are requested to get in touch at once with the Municipal Office, reporting the approximate number and size of trees, and also whether any damage has been noticed previously. If all the spruce in the district were effectively sprayed in mid-June it is most likely that this pest could be completely wiped out. Many farmers took a lot of time and trouble to get spruce started; don't lose them now when a little effort on the part of each will save them.

## CLASSIFIED ADS.

**FOR SALE**  
Four, close-in cottages on Third Avenue, for sale in good condition. All or each to be sold for best offer submitted.—The Imperial Lumber Co. Ltd., Edmonton, Alberta. 9-5

## IN MEMORIAM

In loving memory of our dear mother, Sara Isfeld who died May 10, 1915.  
The world may change from year to year  
And friends from day to day  
But never will the one we loved  
From memory pass away.  
Ever remembered by  
THE FAMILY
